TAX PROGRAM WINS SUPPORT IN CONGRESS

Treasury Experts Work To Whip Details of Plan Into Shape

FDR MAY DELIVER MESSAGE TO NATION

"Levies On Everything" Studied As Means of Raising Fund

WASHINGTON, April 18.—Wide-spread congressional support was accorded today to the administration's enormous program of tax increases by which virtually every citizen soon would be called upon to pay a greater share of the government defense-swollen expenditures.

Specific details of the plan to raise \$3,500,000,000 in new revenues remained to be disclosed, but all signs indicated that higher income and excise taxes, now sales levies and possibly a tax on wages would dig into the pocketbooks of both the rich and the poor as never before in America.

Treasury experts worked at top speed to whip details into shape for submission to congress next week. The plan will be presented to the house ways and means committee by Secretary Morgenthau at a date yet to be fixed.

F. D. R. May Speak

But before that, the president will give a radio speech or other message to the nation.

The President, it was believed, also will emphasize the necessity for meeting about two-thirds of the war cost of American rearmament, aid to Britain and other federal expenses on a cash basis. The two-thirds cash, one-third borrowing formula was first disclosed yesterday by Secretary Morgenthau in announcing the total of new revenues to be raised. Initial reactions at the capitol were enthusiastically favorable to the proposal, generally conforming with the view expressed by Senator Clark (D-Mo.), a member of the senate finance committee that "we've got to pay the freight."

"Levies on Everything"

Republicans and Democrats alike said the full \$3,500,000,000—or more if possible—should be raised. To attain that end, one authority reported, treasury and congressional tax experts were considering levies on "everything, including the kitchen sink."

Two-thirds of the 25 to 30 per cent in all present taxes were confidently predicted along with many new excise levies on such varied items as soda pop and washing machines.

Individual taxpayers who now pay rates starting at 4.4 per cent on income above \$800, if single, and \$2,000, if married, appeared to be in for stiff increases. Correlative rises were indicated in the present 24 per cent corporate income tax, and in excess profits and excise levies. There was also talk that the \$800 and \$2,000 exemptions might be drastically lowered to bring in millions of new taxpayers.

First U. S. Troops Sail for Bermuda

WASHINGTON, April 18.—The war department announced today that the first contingent of troops had sailed to garrison the new base at Bermuda.

The contingent, its size not disclosed, sailed today aboard the transport American Legion from the army base in Brooklyn, N. Y.

Although further details were withheld, it was understood that the contingent included units of the 8th Central Postal Directory, one of the eight Atlantic bases whose sites were acquired from Great Britain last fall, were placed in commission this month.

NEW SCOUT LEADER AT BOARD SESSION

Joseph Moran of East Liverpool, new Columbiana county Boy Scout executive, was a guest of the board of review of the Salem scout council Thursday night in the Memorial building.

Later Moran and Eddie Howell, local commissioner, went to the Presbyterian church to attend graduation exercises of Cub pack No. 6 of that church.

At the board of review, Fred Gaunt of troop 5 and Benny Bruce of troop 22 passed second class tests. Dick Butler and Russell Sutherland of troop 5 made application for star ranking. Butler also received a merit badge in metal work.

Wendell Beck of troop 2 was awarded a merit badge in handicraft, while Benny Kupa of troop 23 was awarded a merit badge in civics.

The board of review was in charge of K. U. Wirtz, chairman, Russell Gibbs and M. H. Mawhinney.

The Cub pack graduation ceremony at the Presbyterian church was held for Bobby Hodge, the first Cub scout to advance to regular scout ranking since the start of the Cub movement here two years ago. Hodge, who had reached his 12th birthday, has transferred to troop 3 of the Presbyterian church of which Floyd McQuiken is scoutmaster. Bobby, the son of Mr. and Mrs. Andrew Hodge of 552 Washington ave., had been the recipient of the Wolf, Bear and Lion awards in Cub scouting.

Robert Wentz, assistant Cub master, mothers and dads of the scouts were among those present last night.

British, Greeks Fall Back; Yugoslav Downfall Is Reported

(By Associated Press)

German troops flooding down from the north—presumably from fallen Yugoslavia—drove the Allied armies to execute a "gradual withdrawal to a shorter line of defense" in northern Greece today, and it appeared that the 13-day-old battle of the Balkans was fast approaching its critical stage.

Advances in Italy

British—Middle East headquarters, acknowledging the Allied retreat deeper into the Aegean kingdom, declared however that the German advance had involved a "costly" toll.

Some estimates put the Nazi dead at 50,000.

"The situation is developing unfavorably," a Greek spokesman acknowledged sadly.

"The struggle against two empires (Germany and Italy) imposed on us by Germany could not last indefinitely."

Dispatches from Athens said at least 10 German divisions—about 120,000 troops—were slashing at the Allied lines, supported by more than 1,000 warplanes.

Australian, New Zealand and other British troops, fighting in the Mt. Olympus sector were reported under terrific aerial bombardment, while on the west flank, Nazi panzer columns knifing down the Greek-Albanian border placed the Greeks in new jeopardy.

Yugoslavia struggle was pronounced ended.

Report Surrender

Hitler's high command said surviving troops of Yugoslavia's 1,200,000-man army surrendered unconditionally, effective at noon (5 a. m. E. S. T.) after 12 days of fighting.

By contrast, Holland lasted only five days against the Nazi blitzkrieg last year, Poland 18, Belgium 19, and France 45.

One report from the front estimated Nazi losses in the Greek invasion thus far at 50,000 dead, but the German war machine continued to hurl its forces southward.

Postoffice Seeking Bids

On Star Route Contract

Postmaster A. E. Beardmore announced today that bids would be received until 4:30 p. m. Tuesday, May 6, for carrying mail on the Youngstown-Salem Star route.

The new contract will be effective from May 16 to June 30, 1943.

Total daily mileage of the route is 159.94, or 959.64 miles per week. Mileage for the year approximates 49,901.28.

RAF BOMBERS RAIN FIRE ON BERLIN AGAIN

New Types of Explosives Used In Heavy Raid On Nazi Capital

FAMOUS LIBRARY IS DAMAGED AGAIN

Rotterdam, Cologne, Other Cities Feel Force of British Attack

LONDON, April 18.—The air ministry announced today that the Royal Air Force had subjected Berlin to its heaviest attack of the war last night.

"Very powerful bombs burst across targets in the heart of the German capital, doing 'very substantial damage,' a communique declared.

Use New Bombs

Herbert Morrison, minister of home security, earlier told London defense workers that the bombs dropped on Berlin included some of the new highly explosive type which the RAF only recently put into use.

The new bombs, he said, were seen to burst in the center of the city. He also disclosed that the new Sterling bomber was in action in the raid.

"Unlike the Nazis," he said, "we make no hysterical noises about reprisals. We have our plans. They will be carried out. Berlin was bombed according to plan.

"Let Hitler understand that we have as much right to bomb Berlin as he has to bomb London."

Library Bombed Again

(The Germans, claiming that only small RAF forces got through Berlin's defenses, acknowledged that the Prussian State library, undergoing repairs as a result of the RAF's previous heaviest raid on April 9, again was damaged by a fire bomb.)

The air ministry acknowledged the loss of eight planes in the fiery overnight assault.

Targets in the heart of the German capital were blasted, the ministry's account said, adding that "fires immediately broke out."

"The attack was pressed home," it added, "and many bursts were seen across the targets. Substantial damage was certainly done."

Other night raids were made on Rotterdam, in the Nazi-occupied Netherlands, the German industrial city of Cologne and a number of other places in northwest Germany.

Daylight assaults were reported carried out yesterday on Cherbourg, France, and widespread forays were made against German shipping.

CITIZENS REPORT DAMAGED LAWNS

Authorities today asked bill carriers, salesmen, service men and others to use regular walks or driveways in making house to house calls.

Reports have been made in various parts of the city of damage caused by persons walking over freshly made lawns, or plunging through shrubbery. Oftentime the work of hours and days can be marred in a few moments' time as a result of thoughtlessness of this type.

Householders, it is pointed out, will be appreciative of the care accorded their lawns, etc., and the caller will usually be received more cordially.

MEMORIAL SERVICE SET BY CHURCHES

LISBON, April 18.—The annual union memorial services of the co-operating Lisbon churches will be held on Sunday evening, May 25, preceding Memorial day, in the Christian church, with the sermon to be delivered by Rev. Carl W. Bormuth, pastor of St. Jacob's Reformed church. Members of the American Legion, auxiliary to the Legion, and the Woman's Relief Corps will attend the services in a body.

The service will be preliminary to the annual observance of Memorial day here on Friday, May 30, at which time the Rev. Rudolph Miller, pastor of the First Presbyterian church of East Liverpool, has been secured as the speaker.

TWELFTH CALL TO TAKE THREE

Date Is On or About May 12; Five Replacements Sent Out Today

Ohio's 12 draft call will take three men from the Salem district on or about May 12, the state selective service headquarters disclosed today. The state quota is for 500 men.

A 13th state call beginning May 13 is for 45 Negroes. The selectees will join regular army units. The Lisbon draft board will furnish three men May 12 but the East Liverpool area is exempted. No 13th call men will be taken from Columbiana county.

Meanwhile, the local draft board today sent five replacement candidates to Ft. Hayes, Columbus. The group, called up to serve as replacements for rejections in calls 4, 6 and 8, boarded a bus at the Stark Transit terminal at 10:07 today. The draftees will receive formal induction at Ft. Hayes tonight.

The five are: Floyd Paul Oliver of 24 Center st., Leetonia.

Clarence Howard Smith, R. D. 3, Salem.

Clarence Vernon Huff, R. D. 2, East Rochester.

Miles Gilbert Yeagley, R. D. 2, Moultrie.

Clarence Robert Wooley, R. D. 1, Salem.

FOREIGN WAR VETS INSTALL OFFICERS

Lawrence A. Frost of Salem was installed as commander of Allen Reynolds post, Veterans of Foreign Wars, at a meeting Wednesday night.

Other officers include: Senior vice commander, Thurston A. Shinn of Alliance; junior vice commander, J. A. Nickelson of Salem; adjutant, James A. Rhodes of Winona; quartermaster, Robert Hacker of Sebring; trustee for 18 months, Rhodes; trustee for 12 months, Joseph Mayhew of Salem, and trustee for six months, Arthur Glass of Salem.

Rhodes, the retiring commander, served as installing officer.

Plans were made for the V. F. W. poppy sale on May 24 and for the Memorial day observance.

Art Exhibit In Library To Be Shown In Alliance

The art exhibit by the Mahoning Society of Artists, which has been at the library for the last several weeks, will remain here until the first of the week, when the paintings will be taken to the Alliance Woman's club for display there.

Hundreds of visitors have seen the exhibit in the time it has been here and have been voting for their favorite in the display. Those who have not seen the paintings are urged to visit the library and to vote for their choice. The popular picture vote will be announced by the exhibit committee.

COURT LEVIES \$550 TOTAL ON GUILTY PLEAS

Lewis Bossert Draws Fines Totalling \$200; Sentence Suspended

SIX PLEAS, IN ALL, HEARD BY COURT

Leetonian Pleads Guilty In Robbery of Gasoline Stations

LISBON, April 18.—Fines totaling \$550 and suspended jail sentences were meted out today by Common Pleas Judge Joel H. Sharp to four persons named in secret gambling indictments by the grand jury.

Six guilty pleas, in all, were heard this morning when persons named in the true bills were arraigned. Others pleaded innocent.

The three men and a woman named in the gambling indictments also were required by the court to post bonds of \$500 as security for good behavior for the ensuing year.

Bossert Fined \$200

Lewis Bossert, operator of the Ace tavern on Route 62, just east of Alliance, where Sheriff George Hayes seized three slot machines a week ago, was fined \$200 and costs and given a suspended 90-day jail sentence. He refused to divulge to Prosecutor Frank Springer the name of the owner of the slot machines.

Kenneth Burt of Cannons Mill, operator of a roadside inn where two slot machines were found three weeks ago, was fined \$200 and costs and given a suspended 90-day jail term. Under questioning he told the court that the machines were placed in his inn by John Davis of East Liverpool.

Tony Ciminelli of Leetonia and Arlene Stewart of Salem, named in a joint indictment, drew fines of \$100 and costs and \$50 and costs, respectively. Jail sentences were suspended.

Ciminelli admitted being the owner of a nickel marble board which deputy sheriffs found at Miss Stewart's restaurant at Westville last week.

Ellis Pleads Guilty

Another guilty plea today was given by Fred Ellis of Salem, charged with issuing a fraudulent check. He was fined \$100 and costs by Judge Sharp.

Alfred Lloyd Brooks of Leetonia, one of four youths held on charges of robbery in connection with gasoline station robberies, pleaded guilty but sentence was not pronounced.

Casper and Mike Romaine of Leetonia and Claudius Neider of Columbiana, jointly indicted with Brooks on robbery charges, entered pleas of innocent and were held under bonds of \$3,000 each.

They also pleaded not guilty to burglary charges and additional \$2,500 bonds were set. Neider pleaded innocent to a charge of receiving and concealing stolen property and was held under \$500 bond on this count.

Clyde Schaffer of Salem pleaded not guilty to a charge of assault with intent to rape and was held under \$2,000 bond.

Mearl Hawkins of East Liverpool pleaded not guilty to two charges of burglary and larceny and one of burglary and was held under \$2,500 bond.

Americans Not Aware Of Real Danger Abroad

That's Declaration of President In Defense Discussion; Has No Comment On Reverses In Greek War

(By The Associated Press.)

WASHINGTON, April 18.—President Roosevelt expressed belief today that American public opinion was not adequately aware of the acuteness of the war situation in Europe but that it was becoming increasingly aware.

He made that statement in response to a press conference inquiry and went on to add that he thought Americans could be made increasingly alert through the exercise of their general intelligence, mental processes and through what he called cracker barrel and press club conversations.

But to a question whether he thought reverses suffered in Greece by British and Greek forces had increased the danger to this country, he replied that he did not think the question should be asked or answered.

Further interrogation brought from the President these additional statements bearing on the defense program and aid to countries battling the axis:

The administration has authorized specific shipments of material to China but Mr. Roosevelt does not know whether any has started on the way across the Pacific.

Hopes for Coal Monday

The shortage of soft coal resulting from a three-week shutdown of mines has not yet seriously affected the defense program. The President hopes some mines will be running again by next Monday.

A war department plan to establish a system of civilian observers to watch for attacking airplanes is the application on a nationwide scale of experiments tried in upstate New York last summer in army maneuvers.

In this connection, the President told a reporter he knew as much as the chief executive did as to whether establishment of the volunteer civilian organization implied that there was actual danger or an air attack.

Prime Minister W. L. Mackenzie King of Canada and the President expected to meet somewhere next week. The President said they had not taken up anything important over the tea cups Wednesday and he could not say what they expected to discuss at their next meeting. There was no discussion, he said, of opening Halifax harbor, Nova Scotia, to American merchant vessels by removing it from the combat zone.

EAST PALESTINE LEADER SUCCUMBS

EAST PALESTINE, April 18.—Funeral service will be held here at 2:30 p. m. Saturday for Raymond B. Taggart, 66, former member of the board of education and industrial leader here for many years, who died suddenly of a heart attack at the North Side unit of Youngstown hospital at 4:15 p. m. Wednesday.

Mr. Taggart underwent an operation several days ago and was getting ready to come home when he was stricken while getting into a car. He died a half-hour later.

A son of the late R. F. and Evelyn Brewster Taggart, he was born in this city in March, 1875. He attended local schools and later attended Geneva college, where he was prominent in athletics. He worked in the offices of the old Ohio China pottery and later in the offices of the former McGraw Rubber factory and the National Tire & Rubber Co. office.

Mr. Taggart later was elected a director of the National Rubber Co. and served as treasurer for 12 years. He served several

END OF AN ERA

Demand for naval convoys to protect American war supplies against German raiders signals the close of an era. When the demand is granted, as it must be granted eventually, unless Great Britain is going to be abandoned, the United States will be a participant in World War II.

Convoys would shatter the myth of non-belligerency. They would mark a return to the doctrine of freedom of the seas in war time. The United States learned what freedom of the seas leads to in World War I. Then, as now, this country was a supply base for Great Britain and its allies. Germany, its hope of victory depending on a successful blockade of the United Kingdom, either had to stop passage of American supplies to the enemy or sacrifice its chance of victory. Germany lost the war anyway, but in trying to bar United States shipping from the blockade area it played its best bet.

In the post-war years it looked to war-sick Americans as though the surest way to keep their country from getting mixed up in the next European brawl over power politics was to abandon the doctrine of freedom of the seas before another showdown. Finally, in 1935, after years of discussion and alarmed by the growing war spirit abroad, the United States did abandon the doctrine that had been the basis of its foreign policy throughout the republic's history. That was the real significance of the series of neutrality laws passed to keep the United States out of war, beginning in 1935 and extending through 1939.

Sen. Johnson, who has done as much thinking about isolation as any man alive, said the first neutrality resolution signed by President Roosevelt on Aug. 31, 1935, was the "triumph" of the isolationists. It marked, he said, the "downfall of the internationalist... who would take us into European troubles and into European difficulties and foreign organizations dealing with foreign countries." But what it really marked was surrender of the international rights on the high seas, in the belief that if the United States stayed out of harm's way, harm would stay out of the United States.

Those were the days when the United States knew exactly how to stay out of war, there being no war to stay out of at the time. It was to be a process of ice-cold skepticism. Unfortunately, the preventive machinery began to make ominous noises on its first trial runs. Theory was one thing, practice another. No one complained when the neutrality law was used to prevent shipments of supplies to Ethiopia and Italy in 1935. Trade with Ethiopia was negligible, and an embargo against trade with Italy was in line with League of Nations sanctions.

But when the embargo was applied against both sides in the Spanish civil war, chiefly to the disadvantage of the Loyalists, the ice-cold skepticism began to melt. Here was an issue about which Americans had positive opinions. A movement for abrogation of the law gained support. In the China-Japanese war, also, opinions formed, and the Roosevelt administration ignored the neutrality act on the ground there had been no formal declaration of war.

Isolation simply didn't seem practical under actual conditions. The American people wanted to stay out of war, but they didn't feel neutral. The upshot of it all was that a widespread revulsion of feeling over Germany's absorption of Czechoslovakia crystallized in a new policy. Henceforth, nations in whose good-will the United States government had confidence, could buy war supplies here if they paid cash and carried the supplies in their own ships. Those nations were Great Britain and France, the only belligerents possessing both requisites for American aid.

The "triumph" of the isolationists was being slowly blanketed by the insulationists, who reached the peak of their rapidly expanding influence when the lease-lend bill became law. Henceforth, the United States would assist governments it liked at the expense of governments it didn't like. The executive powers in the new act were broad enough to permit anything, up to and including revival of the doctrine of freedom of the seas.

It is plain enough now that the question of how to keep the United States out of war, which monopolized attention in the post-war years, was bound to be superseded in the event of another major war by the question of how to keep war out of the United States. The attitude that peace is the only thing that matters was based on the supposition that America never would find any cause for which it would be willing to fight. If challenged.

But the supposition has been suspended—far more than the people realize. Their government has been moving closer to war than they yet realize. But slowly, inexorably the passions, fears and convictions growing out of the war have been changing the people's mind, too. It seems plain to many of them now that nothing could be more deceiving than to believe war can be sidestepped in the face of a combination of aggressor nations hopeful of establishing a new world order based on autocracy and force.

The steps short of war have led, as they were bound to lead whenever enough of them had been taken, to the brink of war. The opinion of the people, insofar as it has been represented accurately by their legislative representatives and public opinion polls and impressions, holds that nothing else was possible.

THE STARS SAY:

For Saturday, April 19

A GENERALLY favorable and fortunate state of affairs may be read from the ruling lunar and mutual aspects. And while there may be activity and excitement, with much commotion in the private as well as business relations, yet there is likely to develop certain strange, curious or intriguing situations which it will take some sound reasoning and good judgment to safely negotiate. There may be sudden and surprising openings, coming from secret or unpredictable sources, calling for swift insight and direct action, in order to reap benefits and personal gratification. Be alert but decisive.

If It Is Your Birthday

Those whose birthday it is may anticipate a year of much good fortune and personal gratification, with progress, pleasure and probably social or sentimental felicity, although these may be attended by peculiar, intriguing or mystifying factors—to be dealt with with much rationalizing, keen understanding and quick action. Practical tactics and common sense in obscure situations may avert pitfalls and delusions. Keep balanced and sane in strange adventures.

A child born on this day may be clever, steady and practical while having an inner nature or vision out of the usual or commonplace. It will be genial, kindly and romantic as well as artistic.

NO CONVOYS YET

WASHINGTON, April 18.—Democratic Leader Barkley told the senate today that Secretary Knox and Admiral Harold R. Stark, chief of naval operations, had given him "unequivocal and emphatic assurance" that the navy has not and is not now conveying shipments of war materials.

Barkley made his statement after Senator Tobey (R-NH) had asserted he had information from four unnamed individuals that the navy was engaged in convoy duty.

"I conferred with Mr. Knox and Admiral Stark this morning," Barkley replied, "and they authorized me to say that not a single ship, American or foreign, carrying war materials had been conveyed or is being conveyed."

"They said that no orders had been given by anybody in authority to convey such shipments anywhere in the world."

Noting that Tobey had not named his informants on the convoy question, Barkley said he believed the declarations by Knox and Stark "are entitled to credit by the American people over the rumors and backstairs gossip given by people whose names are not revealed."

There was applause in the galleries, but Barkley sharply called attention to senate rules forbidding such demonstrations.

Tobey, interrupting, declared that he had not created suspicion but that suspicion "has been generated by statements of government leaders themselves."

"SPRING IS ETERNAL!" SAYS DOCTOR

And So Is That Urge To Swat a Golf Ball

BY LOGAN CLENDENING, M. D.
The time of year has come when "that April with his showers soote"—etc.

"This a month before the month of May
And the spring comes slowly up this way,"
as S. T. Coleridge once so happily put it.

For lo the winter is past, the flowers appear on the earth, the time of the singing of birds is come, and the voice of the turtle is heard in our land, as the ardent lover who goes into the Old Testament by a procreder's error averred long ago.

The crocuses appear in the park along with some of the guys you thought were dead. The sassafras bottle is got out. The colds are about over. Nothing remains of them save what my old friend Dr. Adrian Gibbs proposed as the real case he wanted Sherlock Holmes to solve—"The Mystery of the Coughing Spell in the Middle of the Night."

Dr. Clending will, answer questions of general interest only, and then only through his column.

heard in our land, as the ardent lover who goes into the Old Testament by a procreder's error averred long ago.

The crocuses appear in the park along with some of the guys you thought were dead. The sassafras bottle is got out. The colds are about over. Nothing remains of them save what my old friend Dr. Adrian Gibbs proposed as the real case he wanted Sherlock Holmes to solve—"The Mystery of the Coughing Spell in the Middle of the Night."

Trying for Eighty

But for me the gladdest portent of spring is that the bedroom exercises can be stopped and we can begin to get some normal activity in the great out-of-doors. Put away the dumbbells, Maggie, say I and get me out my golf clubs. Loan me the silver polish so I can get the rust off of them. Because I am a going to make an eighty this year, Maggie, I am a going to make an eighty.

Sometimes on account of what I wrote once I am accused of being "against exercise." A crusty neighbor of mine complains to his cronies that though I preach against exercise he notices me taking a walk every day if the weather be good. This is unfair. It is due to his having hastily read part of a book I once wrote called "THE HUMAN BODY." It reminds me of what Oliver Wendell Holmes told a lady who read health books too much. "Some day," he said, "some day you will die of a misprint."

"I did not say I was against exercise," I said exercise was not absolutely necessary to health. And that while exercise made you feel better, it would not prolong your life.

What I am against is indoor exercises. I have just been looking over a book of them. They seem the most futile and boring things possible to imagine. There is one in this book called "scooping sand." The sand is imaginary, but you

squat down and imaginatively scoop it. It is recommended, the author says, for adolescents, but not for the middle aged. Which seems to me discriminatory. Most middle-aged men I know can scoop sand just as well as an adolescent.

But this is all very dull compared to out of doors exercise with the wind in your face, and plenty of room to hit the gizzard out of a golf ball if you feel like it. So gimme the silver polish and get out my golf clubs. An eighty is my aim, and I intend to play every day and give up all my bad habits this summer. Incidentally I am headed for California where, as I have said to my wife, "Ver erat aeternum" (Metamorphoses, Book I), which for the benefit of my old college chums means—"Spring is eternal."

Questions and Answers

E. D.:—"Please tell me why my hands and feet turn white and have an icy feeling when exposed to cold. Should I consult an M. D. or an osteopath?"

Answer—The condition is known as Raynaud's Disease. It is a well known condition and all doctors are acquainted with it. I would advise you to consult a doctor and not an osteopath.

D. E. B.:—"Will you please give the symptoms of cirrhosis and if there is any diet or mode of living that will help cure the disease?"

Answer—I presume you mean cirrhosis of the liver. The symptoms are swelling of the liver, jaundice, and sometimes vomiting of blood. The disease is very serious and seldom responds to treatment. The best treatment is preventative, which, in my opinion, is abstention from alcoholic beverages.

U. G. W.:—"I have a discharge in my ear and it runs over once in a while. It seems to be wax. I have tried sweet oil and other remedies. It gives me a great deal of bother. What should I do?"

Answer—Wax in the ear may be a very simple problem, but it also may be very complicated and dangerous. In the early stages, your treatment is quite logical, but when the wax gets hard, it may become almost like stone and the use of sweet oil will not move it. I really think you need a doctor who can take an ear speculum and look in and detach the hard wax.

EDITOR'S NOTE: Dr. Clending has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clending, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet."

Diplomatic Business Good; 'Bright Young Men' Wanted

WASHINGTON—Wanted: Bright young men. Chance to travel. College education preferred but not essential. Wages and hours good. Excellent chance for promotion. Must know what primogeniture means. Apply State Department, Washington.

That, in effect, was the want advertised in the Foreign Service Journal of the State Department, in an article explaining that though many nations are angry with each other, the diplomatic business is still doing well.

Contrary to the popular view, the war has increased rather than lessened the job of U. S. diplomats who must look now to the interests of American nationals all over the world while also taking care of the business of governments who are now on speaking terms.

It is pointed out that while 23 offices have been closed in various parts of the globe since the war started, 31 new offices at the same time have been opened.

Tempo of Work Rises

A few of the smaller posts in countries which have been directly affected by the war have experienced curtailment in both the volume and scope of their activities, the article states, "but on the whole the offices in all geographic areas are operating at greatly increased tempo and in many cases with insufficient personnel."

As examples may be mentioned the development of immigration work in southern France, Spain and Portugal; the protection of foreign interests, particularly in Europe and the Far East; expanding commercial activities in Latin

Club Hears Address By Youngstown Man

COLUMBIANA, April 18 — Mrs. C. D. Strickler was hostess to associate members of Sorosis club at Valley Golf club Wednesday evening. Mrs. E. T. Coyle presided at the business meeting. H. A. Tuttle of Youngstown, a former resident, gave an interesting talk on the life of McGuffey and the history of The McGuffey Readers. Miss Amelia Culp favored with a violin solo, with Anna Mary Shontz playing the piano accompaniment. Maurice Michaud gave several of his original poems, with Mrs. Michaud playing the piano accompaniment. Refreshments were served by the program committee. Mrs. C. E. Bender will be the next hostess and the meeting will be held at the same place.

Members of the Columbian Music Study club will meet at the home of Mrs. W. E. Clendenin, North Lima, Sunday afternoon at 3:30 for rehearsal for the annual National Music week program which the club will present. Anyone desiring transportation may call Mrs. R. J. Barrow or Mrs. R. J. Esterly.

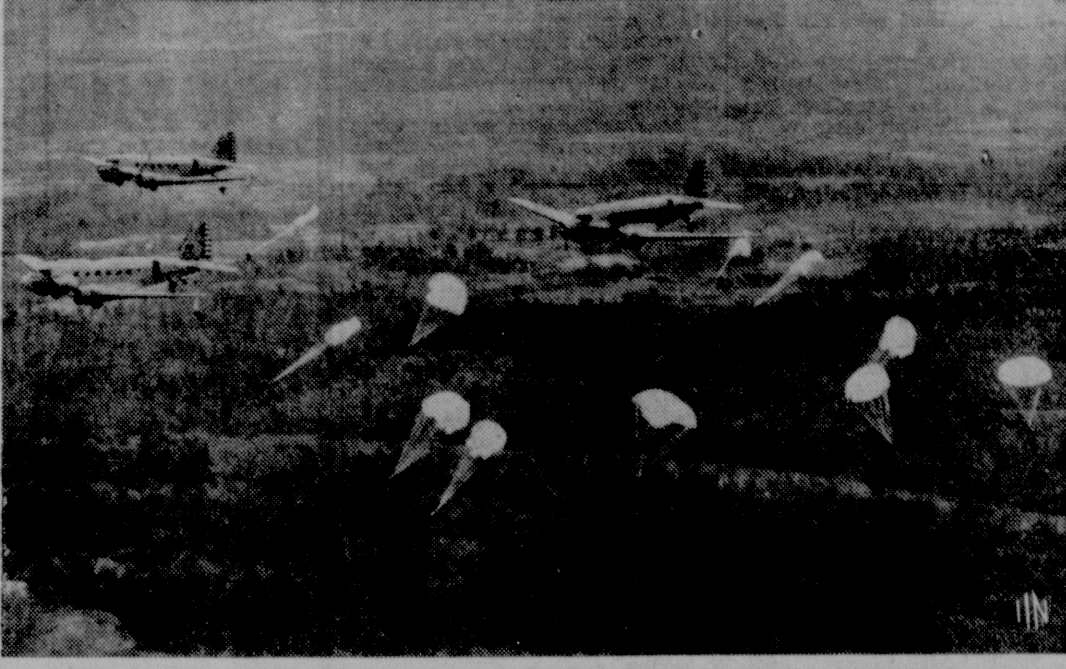

Mrs. Clyde Richardson was taken to the Cleveland Clinic Wednesday for observation and treatment.

Mr. and Mrs. E. A. McDonald arrived home Wednesday from several weeks vacation in Florida. Sunday will be observed as "Family day" at the Presbyterian church and families are asked to attend and sit together. The pastor, Rev. J. K. McDivitt, will preach on the subject, "The Afterglow." Junior sermon, "Whom Do You Try to Please?"

Mrs. C. P. Esterly was in Akron Thursday to spend the day with her mother, Mrs. R. R. Reese, who is ill.

Garden Club's Anniversary Program Will Feature Film

Movies with musical background, picturing scores of famous gardens and beauty spots photographed in natural color at the peak of their splendor, will be shown by Robert Thomas Newcomb of Candler, N. C., at the 10th anniversary dinner of the Salem Garden club Tuesday evening in the Presbyterian church. Members will entertain guests at the "birthday" party which will open with the dinner at 6 p. m.

The "Symphony of the Seasons" made a dream of nature-lovers and gardeners come true to visit in a single evening the nation's major beauty spots, flower festivals and gardens.

Scenes from the films include

Charleston's cypress gardens and magnolia gardens; the quaint "Tulip time" festival in Michigan; Pierre duPont's Longwood gardens; historic colonial Williamsburg; and Natchez-under-the-Hill; Chimney rock and Lake Lure; Hope gardens in Jamaica; George Vanderbilt's country estate; the peony festival and rose festival; spring and autumn scenes in Pisgah National forest; the planting and fountains at the New York World's Fair; St. Petersburg, Fla., gardens; Miami Biltmore Carnival of Beauty; high-perched Rock City and Cragsy gardens; and the Asheville, N. C. rhododendron festival.

As a background for the films an all-Debussy orchestral program is heard.

The program also will include a history of the Salem Garden club by Mrs. W. E. Bunn first president, and music by the High school Boys Glee club directed by John P. Orlow.

Spring flower arrangements will decorate the tables, to be judged later. Mrs. R. F. White is chairman of the arrangements exhibit.

The party is in charge of Mrs. Stanton Heck, Miss Belle Golladay and Mrs. Frank Kesselmir.

Mrs. Louis Schilling Is Honored

Mrs. Louis Schilling, formerly Miss Bettie Lee Kenneweg, was honored at a surprise miscellaneous shower at her home on E. Fourth st. Wednesday evening by friends, mothers and students of her dancing schools in Salem and Lisbon.

The shower was arranged by her mother, Mrs. Rene Kenneweg.

Feature of the evening was the opening of the gifts.

A buffet supper was served on a beautifully appointed table with a lace table cloth, tall white tapers and a centerpiece of yellow daffodils.

Mrs. Edward Raymond of Cleveland Heights presided at the table.

Pins Distributed By Fiat Club

Club pins were distributed at a meeting of the Fiat club last night at the home of Miss Hilda Fronius, Newgarden ave.

"Bunco" was played during the evening, with prizes going to Miss Sylvia Rutter and Miss Bertha Gross.

Miss Betty Schuster was welcomed as a new member.

Porsythia served as a centerpiece on the luncheon table.

The next meeting will be held at the home of Miss Helen Pauline, E. Fifth st. on April 28. Miss Gross will be the birthday guest.

Marriage Licenses

Marriage licenses have been granted at Lisbon to:

Curtis Hackett, pattern maker, and Blanche M. Brauns, both of Salem.

Walter D. Burel, truck driver, Youngstown, and Betty L. Rickel, Columbiana.

Harold Thompson, florist, and Theresa V. Crachola, both of East Liverpool.

James E. Wilkins, laborer, and Pearl M. Shaffer, both of Wells-Ville.

Nick Radicevic, steel worker, and Ailie Vranesovich, both of East Liverpool.

Double Triangle Club Is Entertained

Miss Ruby Mercer, Washington st., entertained members of the Double Triangle club at her home last evening.

During the business meeting plans were completed for a hike Sunday afternoon.

The social hour was spent playing games with prizes being awarded to Mrs. Robert Lutz and Mrs. Ray Brudery.

The next meeting will be held at the home of Mrs. William Bennett, Hawley ave.

Miss Laverne Herron Club Hostess

Miss Laverne Herron was hostess to S. E. M. club members last night at her home on Franklin st.

The group played "contract rum", in which prizes were given to Miss Olga Zatzko and Miss Eleanor Truta.

Lunch was served by the hostess.

Miss Catherine Carns will entertain at her home on E. Fifth st. May 1.

Jollyette Club At Jeffries Home

Jollyette club was entertained at the home of Mrs. Ed Jeffries on W. Pershing st. last night.

Members played "500", prizes going to Mrs. Richard Scullion, Mrs. Harry Elmer and Mrs. Otis Fick.

Lunch was served by the hostess.

The meeting May 1 will be held at the home of Mrs. Scullion, Woodland ave.

Hold Farewell for Miss Bush

Miss Carolyn Bush was presented a farewell gift by the Mullins Booster club at the April dinner-meeting of the club last night at Overlook Inn near Canfield.

Mrs. Tom Nedeka, president, presented the gift to Miss Bush who will leave soon to take a position at the Ravenna government plant.

Twenty-four members attended the dinner and meeting.

The door prize was won by Miss Wilhelmina Prasco.

Officers were directed to prepare by-laws for the club.

A plan inaugurated at the session provides that the member attending the most meetings from May to the Christmas party will receive a prize.

Plans were completed for the club's annual spring dance May 2 at the Eiks home. The music of Shy Lockman's orchestra of Youngstown will be featured. Highlights of the evening will be several special novelty numbers, music by the band's vocalist, the steel guitarist and a trio. The affair is open to the public.

The committee for the May session, plans for which will be announced later, will be Mrs. Arlene Fuitts, Misses Mary Bender and Sara Wanner.

Those in charge last night were Miss Bush, Misses Phyllis Welch and Jeanette Ciotto.

Members played "Jockey" during the social hour. Miss Prasco and Miss Kay Rich were awarded the prizes.

Catholic Daughters Plan Dinner

Plans for a coverdish dinner and election of officers at the May 8 meeting were completed by Catholic Daughters of America at the hall last night.

Mrs. Earl Yeager won the prize in bridge and Mrs. August Benedict in "500", which followed the meeting.

Mrs. P. J. Castora of Pittsburgh formerly of Salem, was winner of a benefit feature.

The committee in charge included Mrs. R. C. McAllister, Mrs. E. W. Deagan, Mrs. John Gonda and Mrs. Benedict.

Lisbon Jeycees to Hold Spring Dance

Lisbon's Junior Chamber of Commerce will present its annual spring dance at the high school gym at Lisbon, Saturday evening.

Eddie McGraw and his orchestra will furnish the music for the affair. The 11-piece popular band is a favorite with dancers and radio listeners throughout Ohio and neighboring states.

The gym will be decorated. The committee in charge announces that favors will be distributed to the dancers and that a prize waltz will be held.

Mr. and Mrs. Nellis Reynolds and daughter, Janet, have returned from a visit with relatives at Franklinville, N. Y.

Bethlehem Class Has Coverdish Dinner

A coverdish dinner was given by the Bethlehem class of the Methodist church Thursday afternoon at the church with 24 members present.

The committee in charge of the dinner included: Mrs. William Stewart; Mrs. Ina Yengling; Mrs. S. J. Broomall and Mrs. W. P. Blair.

Mrs. Linda Taylor led devotions and Mrs. R. L. Smith was program chairman.

The program was as follows: Piano solos, "Scherzo" (Mendelssohn) and "The Blues" (Tansman) by Mrs. Lionel Smith; talk on trip to Florida, Mrs. Frank Floding; vocal solo "Someone Brought Me Daffodils" and "The Ninety and Nine," Mrs. Charles Gibson.

The May 15 meeting will be held at the home of Mrs. Ira Burton, Gashen rd.

Junior Class Sponsors "Nurses' Frolic"

The Junior class of Salem City Hospital Nurses Training school will give a second "Nurses' Frolic," round and square dance, Friday evening April 25.

The class members gave the first dance several months ago as a means of earning money to entertain the seniors at commencement time, and have been asked to repeat the affair.

Glenn Jackson's orchestra from Leetonia will play for the round and square dancing from 8:30 to 12. Door and other prizes will be given during the evening. The affair is open to the public. Tickets will be available at the door.

Sunshine Society Entertained

The Sunshine society was entertained by Mrs. Carroll Rogers and Mrs. Anna Phillips yesterday afternoon at the Rogers home, Georgetown rd.

The following committees were appointed: Flower, Mrs. Charles Hippley and Mrs. Herbert Hailey; executive, Mrs. Joseph Meier and Mrs. Bryan Sanor.

Guessing contests were enjoyed, with prizes going to Mrs. Jess Whitton, Mrs. Earl McNamee and Mrs. Esther Sanor.

Lunch was served by the hostess.

The next meeting will be held at the home of Mrs. John Rousher, Columbia st., on May 15.

Mr. and Mrs. Neal Strabley of Franklin st. left this morning for East Liverpool where they will join his brother, Fred Strabley of that city and Miss Ruby Wise of Chester, W. Va., for a trip to Washington, D. C. to see the cherry blossoms.

They will go from Pittsburgh on the new super-highway and return by the Skyline drive.

Robert Lee DeFavero, son of Mr. and Mrs. John DeFavero of Woodland ave., underwent an operation this morning in Youngstown Southside hospital.

Missionary Society Attends Service

The Esther H. Butler Missionary society of the First Friends church attended service at the church yesterday morning.

A coverdish dinner was served at noon with Mr. and Mrs. Gordon Wishart and Kenneth Aiken, song leader, as guests.

Mrs. Everett Allen was in charge of the program which followed the afternoon business meeting. Mrs. Charles O'Connell led devotions.

Mrs. John W. Hundertmark played two piano solos, "Rock of Ages" and "Home Sweet Home."

Miss Ethel Naylor, missionary who has returned from Luho, China, was the guest speaker.

Mrs. William Bailey Club Hostess

Cardette club members, entertained at the home of Mrs. William Bailey on W. Fifth st. last night, enjoyed "500" and a lunch. Card prizes went to Mrs. Richard Keller, Mrs. Richard Strabley and Mrs. George Schmid.

The meeting in three weeks, May 8, will be held at the home of Mrs. Edward Irey, S. Broadway.

Dr. and Mrs. Richard C. Harwood, whose marriage was an event of last Saturday, returned today from their wedding trip to Chicago and points of interest there. They will be at home to friends at 2051 E. State st. Mrs. Harwood is the former Miss Martha Barkhoff.

AIR RAID SPOTTER VOLUNTEERS ASKED

Half-Million Civilians Are Needed; Auto Industry To Cut Output

(By Associated Press)
WASHINGTON, April 18 — The army called today for a half million civilian volunteers to man an air raid spotting system, capping a series of swift defense moves which reflected the grave attitude of government officials toward the mounting war crisis abroad.

Auto makers agreed to curtail production of pleasure cars and commercial vehicles by 20 per cent in order to build more armaments. Treasury Secretary Morgenthau called for \$3,500,000,000 in new taxes.

Four new, speedy freighters were requisitioned from private owners for transfer to Britain.

Strike Bill In House
A bill intended to reduce defense strikes by requiring a 25-day cooling-off period was reported to the house for debate amid predictions that it would be passed in a week.

Women as well as men were expected to be enrolled in the air raid precaution network which General George C. Marshall, chief of staff, called "real preparedness for a possible emergency". Housewives of New England and New York worked side by side with male volunteers when a test of such a spotting service was made last January.

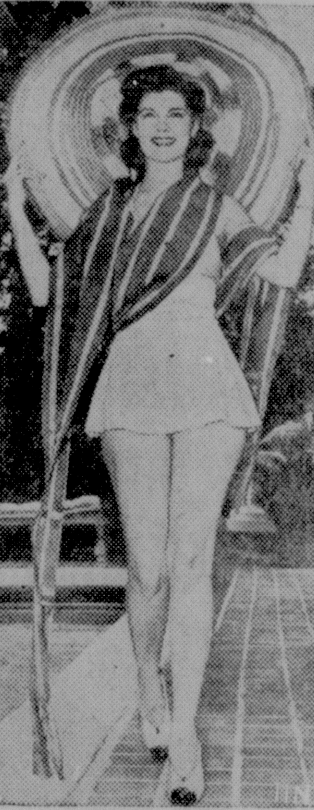

Lieutenant General Delos C. Emmons, commander of the army's general headquarters air force, will have charge of the program, aided by officers who have checked the operations of the British air raid precaution service under war conditions.

The agreement to trim production of pleasure cars, and trucks, by about 1,000,000 units in the 1942 model year, beginning Aug. 1, was announced by Production Chief William S. Knudsen yesterday after a conference with spokesmen for the industry. By holding production to about 4,160,000 units, large quantities of steel, rubber, nickel, lead and other prime materials will be made available for defense uses.

Ships For Britain
The four ships turned over to the raid-beset British merchant marine were the first dispatched under the lease-lend bill. The S. S. Robin Doncaster already has been delivered to the British at Baltimore; the S. S. Almeria Lykes, S. S. Exemplar and S. S. Nightingale were reported in process of delivery. Manned entirely by British officers and men, they will sail under the British flag.

The number of beauty parlors increased 25.4 per cent from 1935 to 1940—61,255 to 83,071, while the number of barber shops decreased from 121,000 to 118,000.

Belle of the Beach

Carolyn Wells

Among events on the program at Miami, Fla., in celebration of Pan-American day was a fashion parade in which Carolyn Wells, above, drew most attention. She wears an Ecuadorian hat and serape, ideal for beach promenades. Beach attire for the coming season will be influenced by Pan-American styles, say fashion experts.

TIFFIN, April 18.—Ticket agent for 16 years at Bascom for the Baltimore and Ohio railroad, Michael McCormick, is dead at 58.

BOSTON—The last name in the Boston telephone directory is Donald Kelley Zayner—and he's Irish. He says he was born a Kelley, but swapped his birthright for an assortment of "Z's" because his friends could never find his name in the long list of Kelleys.

900 GUESTS TO SEE DEANNA DURBIN WED

HOLLYWOOD, April 18 — Deanna Durbin, a quiet girl herself, will have a glamorous wedding to-night, with 900 guests.

"This is my first romance," she remarks when she and Vaughn Paul, 25 year old studio executive, obtained their marriage license, "and I hope it is going to be my last."

The golden voiced film singer of 19 will be married in Wilshire Methodist church by the pastor, The Rev. Dr. Willsie Martin. The double ring ceremony will be used. To the smallest detail, strict rules of the big church wedding will be followed. Bridesmaids,

ushers and attendants will be in formal dress.

The wedding will be one of the rare glamour ceremonies of late years in this town. Most actors and actresses have dashed to a nearby town—often to Arizona's Gretna Green at Yuma—been married in a civil ceremony, and rushed back to work.

Deanna and the only sweetheart she ever had will take a month's honeymoon. They did not say where.

Then they will live in a Hollywood apartment until they build a one story English cottage in Brentwood.

Deanna met Paul on the set of her first picture, "Three Smart Girls", in 1936 but did not have her first date with him until two years later. Her wedding day is the 33rd anniversary of her parents' marriage.

Washingtonville Woman Is Honored

WASHINGTONVILLE, April 18.—Mrs. Wilbert DeJone was given a surprise on Monday evening when her children and grandchildren, her brothers and their wives gathered in her home to help celebrate her birthday anniversary. A social evening was spent and lunch was served. Mrs. DeJone received pretty gifts.

The Jolly Twelve club members were entertained Friday evening in the home of Mrs. Emile Guchemond. Honors for cards were won by Mrs. Carl Martin, Mrs. Frank Stouffer, Mrs. Emma Wisler and Mrs. Loran Weikart. Lunch was served. In two weeks the club will be entertained at the Warner tea room in Lisbon.

One hundred and sixty-four were in attendance at Trinity Lutheran Sunday school on Easter morning. During Holy week three new members were added to the church membership and three babies were baptized.

Guests in the home of Mr. and Mrs. Russell Smith on Sunday were Clayton Smith of East Palestine, Miss Evelyn Alexander and brother Howard of Scienceville, and Miss Mary Lou Pearson of Hubbard.

One hundred and forty-six were present at the Methodist Sunday school on Easter. Following the services nine were baptized and eight new members were added to

Aftermath As Earthquake Rocked Southern Mexico

While the city of Colima, 275 miles southwest of Mexico City, virtually was destroyed by an earthquake which rocked the whole southern half of the country, Mexico City itself was shaken by the temblor. The picture above shows one of the fires which started in Mexico City after the city was shaken by the quake. In Colima, 80 per cent of the private and public buildings were destroyed.

Sense Of Taste Is Developed But Boy, Aged 6, Can't Swallow

NEWBURGH, N. Y.—Six-year-old Bobby Linsig, the boy without an esophagus, is getting accustomed to the taste of food because his mother clings to the hope that medical science, one of these days, will find a way to enable him to swallow.

All his young life, Bobby has been nourished through a tube connected directly to his stomach. In these six years he hasn't swallowed a morsel of food. His mother gives him food—not to swallow, only to taste.

Mrs. Linsig relates the first time Bobby got a piece of chocolate candy to taste. It was something new to him. He chewed it, she said, and then "made a funny face" because he didn't like it.

Except for the missing passage

between throat and stomach, Bobby is as normal as any boy his age. His mother has caught him at the cookie jar in the pantry munching on biscuits. He likes the taste.

In 1st Grade at School Bobby attends the first grade at school where he enjoys writing, coloring and numbers. The family physician, Dr. W. Barton Harris, attributes his normal growth to the prompt and delicate operation performed at his birth and the loving care of his mother.

The operation was the only way to save Bobby because he couldn't swallow. Now, still through a tube

inserted in an incision in his stomach, Bobby gets his nourishment—chiefly fruits, soft desserts, milk and orange juice.

To see the blond curly-haired Bobby with his friends, it would be impossible to detect his physical trouble. In the words of his mother, "Bobby is just like any boy his age except that he needs artificial feeding."

Bobby's best pal is his 3-year-old brother Dickie, and their pet is Spot, a cat. When Bobby was three a leakage developed in the tube through which he is fed, and he had to undergo an operation. Later he recovered from an attack of grippe.

Doctor Bills High The medical costs have been staggering to the Linsigs. The father, a concrete mixer with only intermittent work, was forced into bankruptcy. He filed a pauper's

cash, explaining that he did not have the money with which to pay the \$30 filing fee.

In his affidavit, the father listed liabilities of \$1,437, of which \$1,317 represented unpaid hospital and doctor's bills. The Linsigs live in the nearby village of Marlboro, where Mrs. Linsig contributes to the family's support by working on the local newspaper.

Bobby, like his mother, hopes to be able to swallow some day. He has a large bull-dog bank in

which the Linsig parents and even Bobby deposit coins for the day when an operation might permit him to swallow.

"To Bobby, candy means nothing," Mrs. Linsig said. "So when Bobby gets any pennies he quickly deposits them in the slot atop the 'dog's' head. Yes, Bobby already knows what the bank is for."

Mrs. Linsig has never abandoned the hope that surgery will progress to the point where Bobby will be able to swallow.

CIO PLANNING STRIKE AT G-M

Union Filing Five-Day Notice; Agreement To Expire Sunday

(By Associated Press) General Motors Corporation today faced the threat of a strike in its 30-odd plants in Michigan, and in its factories in other states as well.

President R. J. Thomas of the CIO United Automobile Workers announced last night that the union was filing the five-day notice of intention to strike, as required under Michigan law.

Agreement Expires Sunday

A one-year agreement between union and company on wages and working conditions expires Sunday and union leaders expressed determination to walk out if necessary to enforce their demands, which include union shop recognition, wage increases of 10 cent an hour and additional vacation allowances.

Negotiations toward a new contract have been under way for several weeks. The present agreement covers more than 60 widely scattered plants employing 160,000 men.

Thomas said that if a strike should be called in the Michigan plants, similar action probably would be taken in other GMC units.

The United Automobile Workers concluded only last Friday a strike against the Ford Motor company at its River Rouge plant.

Leaders of the union declared that if a strike were called, it would be organized so as not to interfere with defense contracts. The company announced last night it was "months ahead of schedule" on a \$61,000,000 order for machine guns being manufactured at four plants in Michigan, Ohio and New York.

Mines Still Inactive

Soft coal mines remained out of production today. The CIO United Mine Workers, who had adjusted contract differences with northern Appalachian operators, decided not to go back to work until a wage dispute with southern operators could be settled too. Southern operators object to elimination of a wage differential which under the old contract established a wage scale of 5.60 a day in the south and 47 in the north. The union wants 47 over all, and northern operators were ready to sign an agreement to that effect. The southern mine owners have offered an 11 per cent increase.

VOTE IS TIED ON SMALL LOANS BILL

COLUMBUS, April 18.—The bill to reduce the interest rate on small loans, perhaps the hottest issue in the Ohio legislature, was in a coma today.

The senate banks and loans committee, which had worked on the measure for six weeks, deadlocked 3 to 3 last night when a motion was made to recommend it for passage.

The seventh member of the committee—Senator Joseph Jameson (D-Columbus)—was absent and his attitude was not known.

Friends of the proposed legislation, however, made arrangements to reconsider it at another committee meeting next Tuesday.

The three unfavorable votes were cast by Senators Stanley McKie (Cleveland), James Metzbaum (D-Cleveland) and Arch M. Barrett (Dayton). The negative ballots were cast by Senators Robert Hoffman (Columbus), D. A. Liggett (R-Logan county) and Theodore Gray (R-Piqua).

Gray earlier sought unsuccessfully to have the vote postponed until Tuesday so that proponents and opponents could speak on the substitute bill. Metzbaum urged immediate action, contending that further delay might contribute to death of the measure in the closing days of the session.

The substitute would establish a maximum legal interest rate of 3 per cent month on the first \$100, 4 per cent on the next \$200 and 8 per cent on amounts in excess of \$300. The present law permits 3 per cent a month on \$300.

CLEVELAND—The musical instrument section of the Library of Congress will receive the extensive collection of flutes owned by the late Dr. Dayton Miller, physicist of the Case School of Applied Science, according to terms of his will on file in probate court here.

OHIO GUARD BILL APPROVAL VOTED

House Acts Today; Measure, With Amendments, Goes Back to Senate

(By Associated Press)

COLUMBUS, April 18.—The long delayed bill to establish an Ohio State Guard of 1,000 to 4,800 men was brought up for action today in the house of representatives and Republican leaders predicted it would be passed by a wide margin.

The measure must return to the senate, however, for concurrence in drastic amendments. The house military affairs committee, in revising it, vested in the proposed new organization virtually the same authority possessed by the national guard to suppress riots and preserve peace.

Governor Would Set Size

Passed by the senate March 13, the bill would allow the governor to determine the size of the new guard, made necessary because the national guard now is in federal service at Camp Shelby, Miss.

As the legislature held its first Jan. 6, the senate took up proposed legislation authorizing the possession of firearms by youngsters for marksmanship training, if approved by the adjutant general.

The present law, prohibiting the sale of arms and ammunition to persons under 17 years of age, has tended to discourage rifle practice by organizations of juveniles.

Salary increases for numerous sheriffs appeared in prospect as the senate message to the house an approved bill fixing a minimum of \$1,800 in counties of 20,000 population or less and \$2,400 in counties with more than 20,000 residents. The bill was authored by Wayne Hayes of Belmont county.

The senate also passed a bill intended to require out-of-state corporations doing business in Ohio to list their Ohio shareholders and holdings, but there was some doubt whether it would accomplish its purpose of uncovering untaxed securities.

The measure was amended to exempt corporations whose capital stock is taxed as the source of issue, and Senator Horace S. Kiefer (D-Clark) contended the amendment nullified the bill.

Senator Maurice W. Lipscher (D-Youngstown), the author, said that if Kiefer's statement was correct, the amendment would be stricken out in the house.

Senator Joseph Jameson's bill to create a state plumbing code was postponed after the senate rejected an amendment which would have prohibited the use of concrete pipe for sewers other than storm sewers.

The house gave its approval to a proposal for increasing workmen's compensation death awards from \$6,500 to \$7,000 and raising the maximum weekly disability benefit from \$18.75 to \$21. The bill now goes to the senate.

The house judiciary committee recommended for passage a bill under which a \$10,000 fine and five years' imprisonment could be imposed upon a person convicted of receiving anything of value to influence purchases by the state or a political subdivision. Bonafide brokers would be exempted.

The senate banks and loans committee reported out a bill containing a limited renewal of the Best act, authorizing courts to postpone the sale of property in mortgage foreclosures until April 1, 1942. It would apply only to single or double houses occupied by the owner.

A subcommittee of the senate commerce and labor committee was reported reliably to have agreed upon a liberalization of the unemployment insurance act. The maximum weekly benefit would be increased from \$15 to \$16, a minimum of \$5 a week would be established, and the merit rating system of taxing employers would be continued. The merit rating tax, now 1 to 4 per cent, would range from three-fourths of one per cent to 3 per cent.

Squeeze Play

CAMDEN, N. J.—New Jersey liquor board agents literally wrung evidence out of a rug—enough, anyway, to cause a woman to be fined \$150 on a charge of possessing untaxed alcohol.

Raiding the woman's home, agents found several broken bottles on a carpet which was suspiciously damp. They decided on the squeeze play.

BIG TAX PROGRAM IS GIVEN SUPPORT

Treasury Experts Work to
Whip Details of Plan
Into Shape

(Continued from Page 1)

Although a general sales tax, such as those levied by a number of states, was said by one authority to be "out of the picture," other informed persons asserted that so many new items might be subjected to manufacturers' excise taxes as virtually to provide a general sales levy. Bread and clothing were expected to be exempted but extensive exploration of the field of "luxuries" was said to be in progress.

One specific increase reported to have been proposed at a conference of treasury and congressional tax leaders prior to Morgenthau's announcement yesterday was in the gasoline tax—from the present 1 1/2 cents a gallon to 2 1/2 cents.

As Morgenthau explained the developing program, the aim is to provide a total tax yield of \$12,667,000,000 during the fiscal year beginning July 1.

Expenditures for the year were estimated at \$19,000,000,000, and approximately two thirds thus would be covered by revenue. The remaining third would be met by borrowing.

Couple Observes 45th Anniversary

DAMASCUS, April 18 — Miss Daisy Stackhouse showed pictures and assisted in entertaining 45 guests at the home of her parents, Mr. and Mrs. J. L. Stackhouse, Tuesday evening. The event observed Mr. and Mrs. Stackhouse's 45th wedding anniversary. Robert Burton, Frederick Schoeni and Robert Hobson, home economics students served the lunch. Frederick Schoeni, attired in Mr. Stackhouse's wedding coat, received the guests, acting as "butler". Misses Mary French and Dorothy Patton from here were guests.

Bible Class Convenes
The Women's Bible class of the Methodist Church will hold its next meeting, May 13. Plans are not completed for the place. An all-day quilting was held with Mrs. B. E. Cameron and a covered dinner was served at noon.

Business was transacted and Mrs. L. B. Bingham conducted the devotionals. Thirteen members were present. Guests were Mrs. Charles Berger of Winona, Mrs. A. E. Bailey, Miss Luella Bailey, Mrs. Lorin Cameron and Mrs. Donald Cameron.

Held Egg Hunt

An egg hunt on the lawn was a feature of a meeting of members of the Christian Endeavor society Monday evening. The event was held at the home of Mr. and Mrs. F. O. Stanley and family. Prizes in this contest were awarded Miss Erma Jones and Kenneth Cobbs.

Routine business was transacted. Easter games were enjoyed and lunch was served. Miss Evangeline Weld of Gustine, Calif., was a guest.

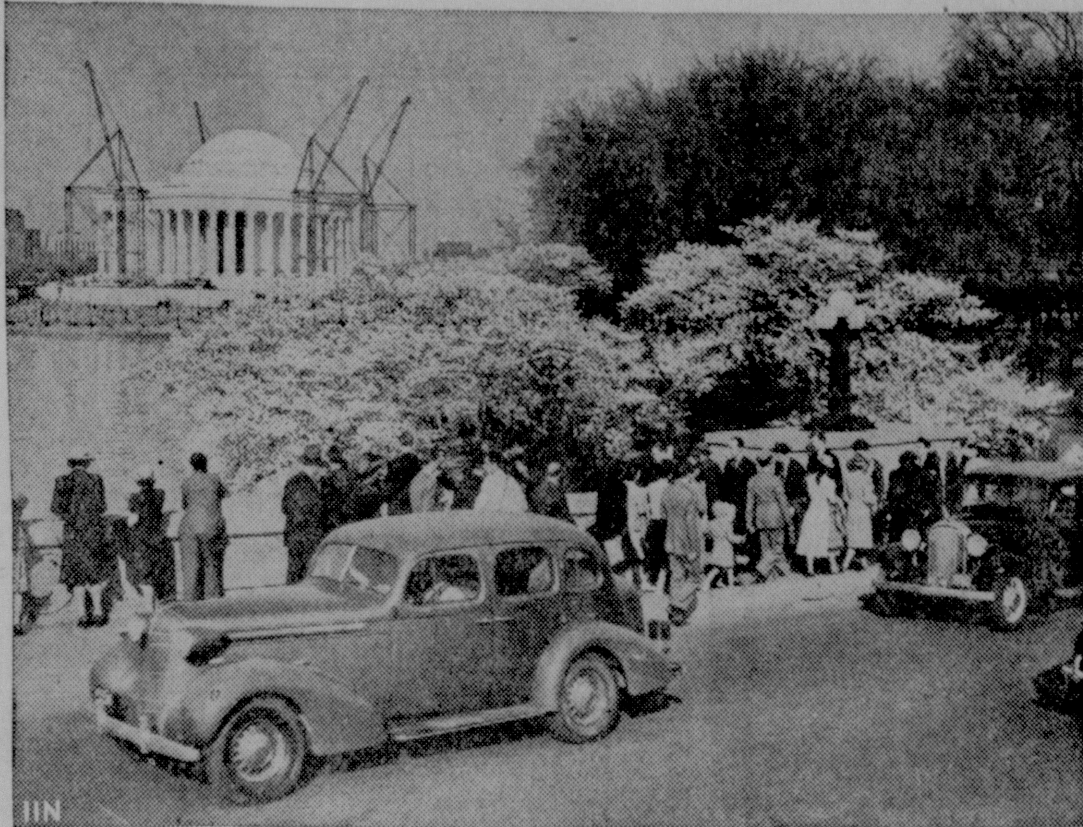

Party For Son

Mrs. Foster McBride entertained at a party Monday afternoon in honor of the birthday of their son, Donovan. The event observed his fifth birthday. Guests were Bruce Dehell of Sebring, Ruth and Donnie Martig and Larry Bowersock. The centerpiece of the table for lunch was a birthday cake. Games were enjoyed by the group.

DR. F. M. EDWARDS' DISCOVERY FOR CONSTIPATION

Benefits Nation of Sufferers!

COLUMBUS, OHIO: For over 20 years Dr. F. M. Edwards (widely known physician) successfully treated scores of patients for constipation and the headaches, lack of energy and mental dullness which often result.

This wise Doctor knew liver bile must flow freely every day into your intestines or fatty foods can't be properly digested and you may become constipated. So he kept this in mind when he perfected his famous Dr. Edwards' Olive Tablets.

Olive Tablets, being purely vegetable, are wonderful, yet they assure gentle, thorough bowel movements and ALSO help stimulate bile flow. Test their goodness TONIGHT! 15¢, 30¢, 60¢.

Values derived from a boys' home economics course will be demonstrated by the Goshen High Boys' club, led by Robert Hobson. Virginia Hollinger has been invited to give a talk at the Pennsylvania state home economic meeting in Pittsburgh May 3. Her subject will be the "National Economics Convention in Chicago". This will be held in June.

REDS PROD FINNS ON NICKEL MINES

Complete Output Sought
From the Petsamo
District

STOCKHOLM—A new Soviet request regarding the famed nickel mines of Petsamo, again may spell trouble for Finland.

Just how far Russia intends to go in this latest issue is a question. A non-Swedish and non-American source did not exclude the possibility that it might well represent the alleged cause for resuming the invasion of Finland.

Several prominent Finns have said they suspected the Soviet request regarding Petsamo to have been timed strategically. In view of a probable German invasion of the British Isles, they thought the Kremlin considered this as the best moment to raise a new "case" with Finland.

The Russians have requested a "new deal" in the administration and output of the Petsamo nickel mines. In fact, one high source believes Moscow wants the outright concession of the mines.

New Pact Breached
It began some weeks ago with the Soviet government expressing the desire to the Finnish minister, Jukky K. Paasikivi in Moscow that a fresh settlement should be reached regarding the mines.

A few days after learning of this first desire, Paasikivi was invited to a new conference. This time he was informed that Russia desired the "outright concession of the Petsamo mines."

Reporting this additional request to his government, Paasikivi told that several experts would leave immediately for Moscow. These did and discussions were inaugurated.

It is recalled that the majority of the Petsamo nickel shares are owned by the Canadian Mond company. It is now reported that Mond has complied with a recent request to relinquish these shares, thus improving the Finnish attitude in the Moscow negotiations.

Soviet Raises Ante
One source declared it was believed at first the Soviet would be satisfied if the present terms of the Petsamo agreement were reversed. That is, Russia would obtain 60 per cent of the output instead of Germany and the latter to receive Russia's share 40 per cent.

But the Soviet have now raised the ante to complete concession. The Finnish government is doing its utmost to balk this Soviet request which, incidentally, signifies the creation of a mixed Russo-Finnish board to administer the mines. The hitch is that the Russians want the chairman of the board to be a fellow-citizen.

Furthermore, this source estimated that once the Russians obtained concession rights at Petsamo they would rush some 400 persons there as experts, engineers and skilled workmen.

Employment Problem

JASPER, Ind. — Last November Dr. A. H. Held, Democrat, was elected Dubois county coroner. His two-year term started in January. He'd not been in office long, though when he was called to navy service.

His brother, Dr. G. A. Held, took over. Now Dr. G. A. has been called to army duty.

Dr. Joseph Hennessy, erstwhile deputy coroner, is filling his place—with fingers crossed.

Appetite Victim

NEW YORK—"Free food sample," said a voice at Louis Schwab's door, he opened it.

"Come with us," said two detectives who stood there.

Schwab was charged with running the season's first baseball pool when the sleuths said they found records of bookmaking in his apartment.

Village Vagaries

EASTON, Ill.—Voters of Easton left the village fathers in somewhat of a quandry. They voted for a waterworks system, 111 to 109, but defeated a bond issue to pay for it.

Dr. Dafoe gave
these famous girls
Puretest HIGH
POTENCY
COD LIVER OIL

There's a good reason why Doctor Dafoe specified Puretest High Potency Cod Liver Oil for the Dionne Quintuplets. Puretest is the very cream of the world's cod liver oil supply—rich in Vitamins A and D—fine in flavor—the oil you'll want for yourself or for your children.

Smoke Plague In Pittsburgh Dates To 1804; City Studies St. Louis Plan

(By United Press)

PITTSBURGH—The Pittsburgh city council is following an example set 136 years ago by a council when the community was only a borough, by undertaking a study of the problems created by the then smoky atmosphere in the area.

This time, however, the council has found it necessary to travel in a body to another city—St. Louis—to make its study. St. Louis recently reported successful culmination of a drive to eliminate its smoke problem.

Pittsburgh had only 2,500 residents, when, in 1804, its burgess, Gen. Presley Neville, requested George Stevenson, council president, to consider the smoke problem.

The general dissatisfaction which prevails, and the frequent complaints which are exhibited, in consequence of the coal-smoke from many buildings in the borough, particularly from the smithies and blacksmith shops, compels me to address you on this occasion," Burgess Neville wrote.

Higher Chimneys Urged
Neville suggested, as a possible remedy, legislation making compulsory the building of higher chimneys, by which "the smoke could be voided into free air and carried by its currents beyond the limits of the borough."

There is no record of council taking any action at that time, and by 1826, with the advent of

heavy industries to the area, the problem of air pollution had increased greatly.

A traveler-writer named S. Jones described the city's "black and sooty countenance" as "not unlike an immense blacksmith shop" and added that the "atmosphere is darkened with a sulphurous canopy which nearly conceals the place from view."

In 1899, with Pittsburgh fast becoming one of the world's greatest industrial areas, the chamber of commerce took a hand by appointing a committee on smoke abatement. Pressure by the group finally resulted in the passage of a smoke control ordinance in 1906, and the appointment of a smoke inspector the following year.

But the ordinance was voided by the courts, and it was not until 1917 that an ordinance was approved that remains on the books today.

Legislation Not Adequate
The legislation, however, has proved inadequate. It provided for regulation of "black smoke" only and did not apply to residential dwellings.

In recent years, a City Bureau of Smoke Regulation, operating under direction of Dr. H. B. Meller, with the aid of federal funds, has been carrying on research on the smoke problem. That agency, however, was discontinued more than two years ago.

The smoke control problem has again been brought to the fore following a period of winter weather

in which "smog"—a concoction of smoke and fog—shrouded Pittsburgh for days at a time. Newspapers, civic groups, business interests, educators and representatives of many community interests have demanded action to "clean up the city."

As a preliminary to action, Mayor Cornelius D. Scully and his entire city council went to St. Louis to study the methods employed there to solve the smoke menace.

"Too Rich for whose Blood?"

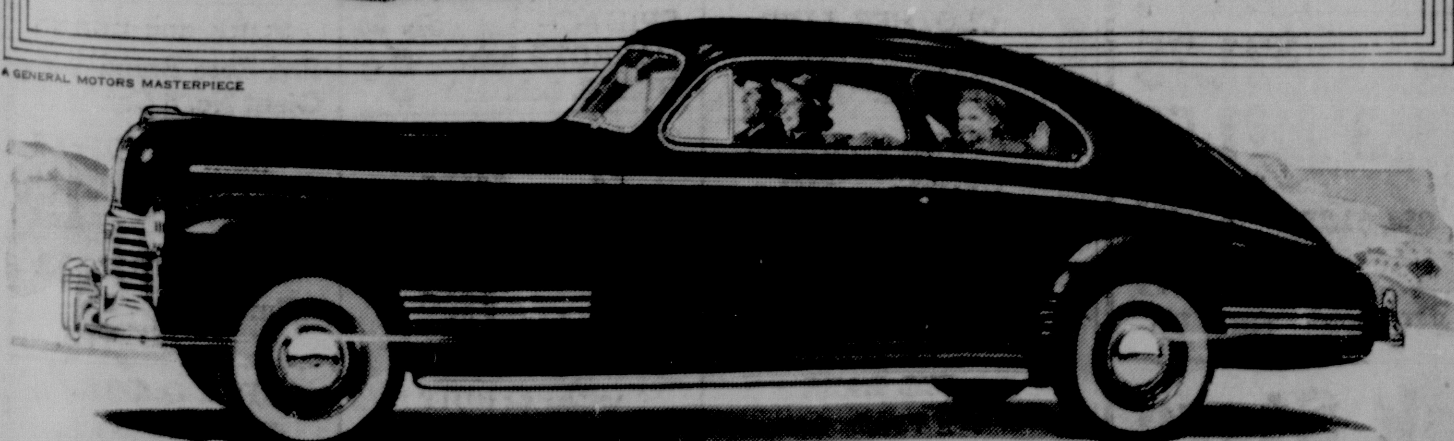

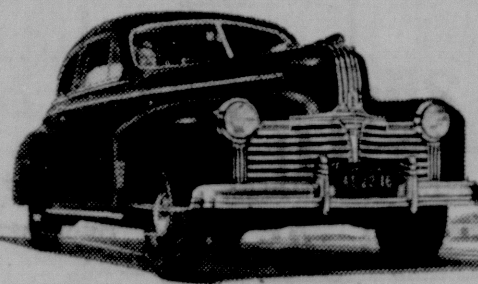

HAVE YOU EVER HEARD anyone say about Pontiac, "Yes, it's a fine car, all right. Big, good-looking, easy to handle. But it's too rich for my blood"? If and when you hear such a statement, you can be sure of one thing. The man who's talking has never owned a Pontiac. As a matter of fact, both buying and driving a Pontiac are much less expensive than most people realize. Pontiac prices are so close to the lowest that the difference in monthly payments is almost unbelievably small. And many owners claim that they operate their Pontiacs for less than they formerly

spent on much smaller cars. Before you decide that a new Pontiac "Torpedo" is too rich for your blood, we suggest that you talk to a Pontiac owner who formerly drove a lowest-priced car. Then see your Pontiac dealer and ride in one, drive it—and get all the facts and figures which prove that, if you can afford any new car you can afford a Pontiac!

*PONTIAC PRICES BEGIN AT \$828 FOR THE DE LUXE "TORPEDO" SIX BUSINESS COUPE. Delivered at Pontiac, Mich. State tax, optional equipment and accessories—extra. Prices and specifications subject to change without notice!

"Lover Come Back"

by BARRETT WILLOUGHBY

"The glory never failed me once but I failed her... because of a woman who pretended she loved me so she could copy my secret charts."

SYNOPSIS
Captain "Dynamite" Danny O'Moore, head of O'Moore Seiners Ltd., a Sitka, Alaska, herring industry, is dictating his memoirs to his spirited, young granddaughter, Sondra. His story goes back fifty years to the time when he, as master of the sealer, "Glory of the West" was hunted by Captain Ramps Reynall, terror of seal poachers. Danny was in love with Reynall's daughter, Jacqueline but just as their wedding seemed imminent, a quarrel parted them. Danny left Sitka but returned a year later, in command of a new ship, "The Triton." He remained only long enough to marry Tanya Karamanova, descendant of one of Sitka's aristocratic Russian settlers. Immediately after the wedding, Jacqueline took a cruise around world. Two years ago, Dynamite retired as executive of a Seattle steamship company and returned to "Echo House," his late wife's ancestral home. Jacqueline has just returned to Sitka after an absence of two years. Seeing her reminds Sondra of Jean Reynall, her childhood playmate. Jean's father was Jacqueline's foster son and after his death, the old spinster adopted his boy. Although Jean was sent away to school and Sondra hasn't seen him in years, she still carries him in her heart. Kemp Starbuck, young President of American Packers and Sondra's admirer, calls. He tells Sondra he has a priceless Russian relic for her.

CHAPTER FOUR
"You're my one comfort, Kemp. No one else appreciates my efforts to preserve what is left of the old Russian days. Dynamite thinks I'm touched in the head." The captain grinned indulgently. Take the banyan, for instance. I had elegant bathtubs put in here before Sondra was born, but it was five years before anyone could get Polina into a tub. She steamed herself in the banya. Even after she quit using it, my women folks wouldn't let me tear it down. It's out there in the back yard now sticking up like a toothache among the bushes. But I put my foot down on one thing—I made 'em let me nail up the long, drafty passage that leads out to it."

"Passage?"
"Aye. When old Mike Karamanova built this place the Indian variants were always tryin' their best to wipe Sitka off the map. So he has this tunnel made from the house to a room under the banya. At the first sign of an Indian uprising, he made ready for siege by stocking the room with grub and water."

"Sondra has shown me over the house, Captain, but she must have forgotten to show me the door to the passage."

"Oh that was nailed up before she was born. Ye wouldn't know it if ye looked at it. Starbuck, it's one of the carved panels under the stairway to the reception room down stairs."

"What a house!" Kemp said appreciatively. "It wouldn't be surprising if these paneled walls and log partitions concealed hiding places for such things as old records, diaries, letters, that sort of thing."

"Not these walls. I've had every inch of 'em sounded for dry rot, and they're as solid as ivory. As for diaries, a man's fool for keeping such. I haven't logged a line since—since I lost Glory."

"I wish to heaven you had," remarked Sondra. "Right now it would help me with the memoirs."

"How are you coming on with the book?" casually asked Kemp.

"Fine! Dynamite's telling about his poaching days in Bering Sea, when he had to run from revenue cutters and hide among the Aleutians."

"How was it, Captain, that you, in a sailing ship, could outdistance a steam-powered cutter?"

"Twice the Glory, Starbuck. Her speed. She gave me sixteen knots an hour in a fair breeze, while the Patrol gunboats of that time could grind out but nine knots at best."

Kemp nodded. "I see. We of this engine-minded generation don't quite appreciate sail, Captain. But those hide-outs, now. How could you find them, when you had nothing to go by but the incomplete Russian charts of that time?"

"Ah, that was knowledge, Starbuck. Me intimate local knowledge of bays and passages that never appeared at all on any chart. Before ever I clubbed a seal in the Bering, I'd spent a year checkin' soundin's and ranges meself, whilst an Alut sea-otter hunter eased the Glory in and out among that bloody

mess of islands. Furthermore, I'd plotted me courses on five-point bearings that would see me through on the darkest night. Aye, me private charts showed many a dog-hole along the Aleutians in which I could hide me ship. Could hide a squadron of battleships, for the matter of that, after showin' 'em plenty of water to enter."

Kemp laughed. "You certainly made thorough preparations to outwit Uncle Sam, sir! Old maps—they used to be a hobby of mine. Perhaps you'd let me look at your homemade charts one of these days. That is, if you have them handy."

"I've only one set—and they're copies on trac'lin' linen. Starbuck, Ramps Reynall once bribed me own cabin boy to steal the originals, but I caught the sculpin in the act and traced copies to put in me Seattle safe deposit box. Lucky I did, for in the end I had to burn the originals under the very muzzles of Reynall's four-inch guns when he caught me nappin'. Indade, 'twas those charts and the treachery of—But no matter. There are some who would pay high for those charts just now."

"You are — er — negotiating a sale, Captain?"

"Sale!" ejaculated O'Moore indignantly. "Look ye here, I'm a businessman, Starbuck, but I'm no traitor. When these treach'ns go out of me hands they'll go to Uncle Sam, and none other."

"Of course, of course," Kemp said apologetically. "The Government no doubt is eager to get them."

"Faith then they've concealed it so far. Months ago, when the first war cloud boiled up over China, I wrote to Washington. Offered me charts and pointed out the vital aid they'd be to any naval concentration in Aleutian waters. Me only response is from some third assistant deputy clerk sayin' 'the matter will be submitted to the Secretary for consideration in due course.' In due course!"

"It gets my dander up to see Washington make no move whilst a foreign power edges in on our territorial waters. D'ye know there's a hundred so-called fishin' vessels out of Japan swarmin' through the Aleutians this minute?"

"Indeed, sir? I suppose the Government sees no menace in those boats. From the little I've heard I gather they're only doing a little crab fishing, combined with some scientific study of the salmon migration."

"Crabs and salmon be hanged! Though the 'scientific study' part is like enough—since every fake fish-boat of the lot is commanded by an officer of the Japanese Intelligence."

"Oh, come now. Aren't you giving a bit too much credence to the alarming rumors being broadcast through our more sensational press and radio reports?"

O'Moore leaned forward, his palm smacking the table for emphasis. "I know what's goin' on in the Aleutians Starbuck. Some of it I've seen. More I've learned from other shipmasters runnin' to the Bering. I know the military importance of that island chain. I know the strategy and tactics of the Japanese race. And I'm tellin' ye the 'sensational rumors' ye mention are tame by comparison with the alarmin' facts."

"You amaze me, sir. I had no idea—"

"Nor has Washington, by the look av it. By the horn-billed jeez-wax—"

"Dynamite, honey! You're roarin'," interrupted Sondra. "Why not get on a new subject, while I stir up another issue or rum?"

"Yes, Captain," Kemp agreed hastily. "And let that subject be herring. I really came to see you today about the catch of your fleet this season." *

Small pox, formerly one of the major causes of death in the U. S., now takes only about 40 lives per year according to the Census Bureau.

Theatre Attractions

Edward G. Robinson turns in one of his best screen performances in his portrayal of Wolf Larsen, master of the Ghost, in Jack London's "The Sea-Wolf," showing at the State tonight and Saturday.

A newcomer whose work is outstanding in the film is Alexander Knox, playing the role of Van Wyden, the author who undertakes to prove to Larsen that men have something in them that lifts them above Larsen's classification as an animal.

John Garfield as a cabin-boy, whom the captain takes peculiar delight in brutalizing, and Ida Lupino as a young fugitive from

the San Francisco police, have the only romantic roles.

Stanley Ridges, Gene Lockhart, Barry Fitzgerald and David Bruce have supporting roles.

Gene Autry's latest musical western, "Back in the Saddle Again," with Mary Lee, Jacqueline Wells, Smiley Burnette and Edward Norris, shows at the Grand tonight and Saturday.

Autry is seen as the manager of the ranch owned by a wild young easterner. Bringing the youth to the ranch to "tame" him a little, Autry and his boss drop into a bitter fight between copper-mining interests who are dumping copper sulfate into the range streams, killing the cattle, and the ranchers who are determined to drive out the miners.

CUSHING, Okla.—Mrs. R. C. Jones of Cushing has on display at her home here a clepsydra, one of the few still in existence. A clepsydra is a water clock, one of the first time measuring instruments devised by civilized peoples.

BOWLING RESULTS

The Crescent Machines today hold a somewhat more comfortable lead in the Commercial league. Going into last night's play at Grate's, the Crescents held a one game edge over Washingtonville I. O. O. F., but the lodgesmen met disaster in all three games with the Palace Lunch while the Machines swept three from the Polo Club and three from the lead to four games. With their three wins over the I. O. O. F., the Palace Lunch swept into third place and now trail the second-placers by a game and a half.

The Lunch hit 977 in the third trip to finish with a 2554. Bishop used the Lunch with a 213 and 224 in his last two games to wind up with a 623 series. Stockdale followed with a 228 in his third try. Greg of the I. O. O. F. had a 201 in the third.

O. Calladine topped the Crescents a 218 in the third trip. W. Calladine was next with a 203 in the second.

Smith's Creamery dropped into fourth place although it won two from the People's Lumber. C. Huffer hit 209 in his first game for Smith's.

Zimmerman's Olds, now holding sixth place, are one game behind the Lumbermen, taking two out of three from the Leetonia Eagles. Single of the Olds had games of 213, 224, 209 for a 646 series, but the mark will not count because the Olds forfeited the first game. Blackburn of the Olds cracked out a 220 in his second try while Feyock chalked up a 244 in the second tilt for the Eagles.

The Jaycee All-Stars took two from the Bluffs and the Trades Class was handed three on a forfeit by Hilliard's Mathews had a 201 in his third game for the Jaycees.

The Electricians stretched their lead to five games in the Electric Furnace league as they bounced the second-place Draftsmen two out of three.

The third-place Purchasers took two from the Machinists to pull up closer to the Draftsmen. Everett of the Purchasers hit 212 in his third game. Burrell of the Machinists had a 207 in the third.

The Office took two from* the Structural department and the Shippers gained a similar verdict over the Transformers. Gang of the Structural quint turned in a 203 in his second try.

Cardinals Get Off To Fast Start; Sweep Series From Redlegs

DERBY'S BIGGEST STARTING FIELD SINCE 1937 SEEN

Two Dozen Horses Still In Running For Annual Classic

NEW YORK, April 18.—If all you hear is true, it's going to be a full house and then some out there on the downs when "My Old Kentucky Home" calls the horses for the Derby May 3.

For, despite an injury to Bold Irishman, which left his prospects about as bright as an old outbag, and not forgetting that the next nine days' racing are going to make sharp slices in the lists, there are still two dozen or so of the gallopers in the running to get to the post. At this writing, it looks like the biggest starting field since War Admiral gave the horse laugh to 19 others back there in '37.

Half of the two dozen, topped by the winter leaders—Dispos, Porter's Cap, Curious Coin and Whirlaway—are just about a dead-eyed cinch to charge out when the starter hollers "come on." The others are yes-and-no chances, like Mrs. Parker, Coming's Attention, Crispin Oglebay's Ocean Blue and Orden Phipps' Handsome King Cole, with everything depending on how they do from here on in, notably in such tough tests as the Chesapeake tomorrow, the Blue Grass next mid-week and the Wood Memorial at Jamaica April 26.

Of the two dozen still regarded as most likely to succeed in getting the ride to the downs, the big hand has been dealt to your old pal Maxie Hirsch, who has four others beside the Texas-owned Flamingo winner, Dispos, as possibilities. If Dispos can't do it, the miracle man of 1935 (remember Bold Venture?) might possibly pull one out of the hat from among Mrs. Parker Coming's Attention, rated as Equipse's best son; Arnold Hanger's Harvard Square, who has been working first rate at Belmont; Bold Venture's boy, Itabo, stablemate of Dispos in Richard Kleberg's barn, or the River Edge farm's Sheriff Culklin, who gets a chance at Jamaica today to show how he fits into the picture, if at all. Itabo won his only two-year old outing.

COLUMBUS DOWNS ST. PAUL IN OPENER

(By Associated Press)

COLUMBUS, April 18.—Murry Dickson, the right hander who played a big part in Columbus' sensational climb in the American association last year, apparently has lost none of his cunning between seasons.

Nor, for that matter, have his Red Bird teammates lost the spark that carried them to 43 victories in 60 starts at the tail end of the 1940 campaign and left them in second place behind Kansas City.

Yesterday they combined their efforts to give Columbus a 6 to 3 triumph over St. Paul as the association's 40th pennant race began.

Kansas City's defending champions left before the four-hit pitching of Bill Butland of Louisville and some timely hitting by Tony Lupien. Lupien got a single and a homer to drive in two runs as the 1940 playoff winners turned back the league winners, 3 to 1.

Bill Starr of Indianapolis contributed another four hitter and the only shutout victory of the day to send Manager Wade Kilmer one up over his Brother Hill, who directs the Milwaukee Brewers. Indianapolis pounded three Milwaukee hurlers for 11 hits, three by Chuck Aleno and two by Johnny Pask to win 3 to 0.

Fig Gryski collected two doubles and two singles for a perfect day at bat as Toledo surprised the Minneapolis Millers, 6 to 4.

RIFLE TEAMS MEET FOR STATE TITLE

COLUMBUS, April 18.—Quintets from five Ohio cities will fire Saturday and Sunday for the small-bore rifle championship of the state and country as one of the features of the annual team matches sponsored by the Ohio Rifle and Pistol association at the Orlentany village range.

Dayton, Upper Sandusky, Toledo, Medina and Zanesville, champions of their respective leagues, will appear in the feature event which consists of 20 shots prone and 20 standing. League champions in all states will compete on the same basis, but Ohio, having more high-ranking stars than any other section, is the favorite.

Salem Courtmen Win Opening Tilt

Coach Loren Early's Salem High tennis team defeated Youngstown East six matches to one yesterday in their opening game in the Mahoning Valley Interscholastic league at Youngstown.

The Quaker lads made a clean sweep of the five singles matches and split even in the two doubles contests.

In the singles, Carl Capel defeated Heyman, 6-3, 6-4; Bob Ritchie downed Lally, 6-2, 6-3; George Baillie turned back Chelli, 6-4, 6-2; Gail Stewart mastered Wright, 6-0, 6-0; and Sam Pridon took Sagliardi into camp, 6-0, 7-5.

In the No. 1 doubles match, Lally and Heyman gave East its only victory when they edged Ritchie and Baillie, 4-6, 6-4, 7-5. Stewart and Capel collaborated in the second doubles to whip Chelli and Gagliardi, 6-1, 6-1.

Reds On Tour, Hope For Better Results

PITTSBURGH, April 18.—A disillusioned and humble ball club from Cincinnati wandered into town today, wearing a label of the champions of the world and bearing a hope that pickings would be better here than at home.

The Reds, having made their worst start since they were the National league's poor relations, are placing their faith in the strong right arm of Bucky Walters to give them a victory over the Pittsburgh Pirates.

Bucky, who beat the Pirates five out of six times last year, has been sort of on the shelf as a result of stopping a batted ball with his groin down south.

His likely opponent is Max Butcher, who lost three out of five 1940 decisions to the Reds.

Yesterday's slight disaster in Cincinnati (score St. Louis 7, Cincinnati 6) gave the Card's the whole three-game opening series.

Neither the Cincinnati pitching nor batting was worth a paragraph.

The Cards put on a two-run rally to open the ninth and get ahead. With one out, Bob Logan, rookie southpaw for the Reds, gave Enos Slaughter a double, and he moved along on an infield play and scored on a wild pitch. That only tied the score, but Martin Marion walked and scored the winning run on Frank Crespi's triple.

Ernie Lombardi, Red catcher, suffered a slight finger injury in the seventh trying to catch a foul tip.

Alice Marble Happy Girl In Role Of Pro Net Star

LOS ANGELES—She's lost four pounds since starting her exacting barnstorming tour—"something a couple of good steaks will fix up easily," but Queen Alice Marble said today she had more genuine fun out of tennis as professional than ever before and if she had to do it over again, "Of course I'd turn pro—in a minute!" she declared.

"I go into every match with the idea of playing my best—trying to win with everything I have," explained Queen Alice. "I believe the public likes to see the best tennis possible regardless of who's winning. Just like a prize fight crowd for a knockout, I can sense a feeling that the crowd wants to see that same thing on the court."

Of her opponent Mary Hardwick, whom she defeats with monotonous regularity, she said:

"Miss Hardwick is a fine player and she's given me trouble. I believe that I have to play my best to beat her, and that if I have an 'off' night, she can upset me. She's done it once. And came awfully close to it in Chicago. There she had me down 2-5 and love-40 before I started clicking."

The amazing thing on this tour, to Miss Marble, is the phenomenon called William T. Tilden II, who plays Don Budge in singles on the tour. Alice and Big Bill team up in mixed doubles against the other two and right now they stand even-Stephen, having split 22 matches because Tilden missed five nights with a knee injury.

Tilden recently passed his forty-eight milestone, but thus far he has beaten Budge twice.

Last time was in Texas, and when congratulated, in his best Tildenesque manner, he merely shrugged "I was laying for the young fellow!"

"He plays with the same Tilden skill of always, the greatest court tactician in the game," enthused Alice. "Budge has youth, speed and perfect timing, and that generally wins. But Tilden has shots that make your eyes pop. He scores 10 service aces to 1 for Budge, regularly."

"Budge, with his perfect timing, has terrific accuracy. His favorite trick is to get Tilden's goat by going for net cord shots. It's amazing how Don can make them. In one set alone we counted 12. And with the ball taking that crazy hop off the net, Tilden exploded to high heaven."

BAGBY NAMED TO FACE DETROIT IN RENEWAL OF FEUD

Tribe Resumes Rivalry With Tigers; Feller Hurls Saturday

(By Associated Press)

DETROIT, April 18.—All steamed up over the success of their pitchers in the Chicago series, the Indians picked Jim Bagby to continue the good work against the champion Tigers today.

It was Jim's maiden Cleveland assignment, the Redskins having obtained him in a winter trade with Boston where he won 10 and lost 16 last year. Detroit nominated Tommy Bridges, with a 1940 record of 12 and 9, to stop the Tribe in a renewal of perhaps the bitterest rivalry in the American league.

Al Smith joined Al Milnar in the victory column yesterday with a slick 2 to 0 decision over the White Sox. The National league castoff limited Chicago to six scattered hits, allowing only one man to reach third base and two to get as far as second.

Cleveland batters nicked Thornton Lee for three doubles and four singles in the speedy contest. Only eight baseballs were used during the entire game, played in an hour and 37 minutes.

Ken Keltner doubled off the right-field wall and Hal Trosky slashed a single through the box to produce Cleveland's first run in the initial inning. The other tally came in the fourth on Desu Bells' two-base blow that almost cleared the wall and Smith's single past third.

The postman brought Roy Weatherly his draft questionnaire just before the Indians left Cleveland, but the fleet center fielder doesn't expect to be called for a long time. He is married and has a number above 3,000.

Manager Roger Peckinpaugh plans to start Bob Feller tomorrow and Mel Harder Sunday. That probably means Milnar will face St. Louis when the Indians return home Monday.

Peckinpaugh said he would start Feller every fourth day regardless of postponements. He also indicated the regulars may be called upon for limited relief work, the pilot figuring the top hurlers may as well throw in the bullpen as in batting practice.

Breezy Briefs Of Sport From Brietz To You

BY EDDIE BRIETZ

NEW YORK, April 18.—(The Special News Service)—Hoyt Hall of Auburn and Bill McClellan of Mississippi State, have tied for the pole vault in three consecutive meets. Now you tie that one.....

Fritz Zivie, who fights Mike Kaplan in Beantown tonight, was introduced to the Massachusetts house of representatives and invited the entire membership to attend the fight as his guests.... When Co-Promoter Mike Jacobs heard about it, he caught the next plane, for Boston, his store teeth clacking.... They wouldn't let Lew Jenkins say good-bye to his manager, Hymie Caplin, as Hymie left for a long visit to Sing Sing.

His Number Up
Joe Marty may be ordered to the Army.
And the irony in that one is immense.
For it gives a guy the willies.
When they raid the lowly Phillies With a view to adding strength to our defense.

They're Back Again
The Wood vs Wood feud will be resumed when Yale and Colgate lock horns Monday. "Smoky Joe" Wood is the Yale coach. Joe, Jr., will be Yale's pitcher. Colgate's elbow will be Steve Wood, another son, while a third, Bobby, will play first for Colgate. Last year Yale won by a run, although Steve parked one. This time, reinforced by another Wood, Colgate hopes to square the series.... Don Meade may be aboard Little Beans in the derby.

Today's Guest Star
Jimmy Wood, Brooklyn Eagle: "Tony Lazerri and Marvin Owen, who have been trying to kid themselves that they still retain the flush of youth, tripped on their whiskers in early Coast league games and went to the sidelines with pulled muscles."

Sports Tableted
Heart break: Drew Reid Handley southpawed a no-hitter for the Edinburg (Tex.) Highs against the McAllen team, but lost, 3-2. Dittced last year against the same team, but lost, 6-5.... Help wanted: The line is forming to the right out at South Dakota State where four coaches quit their posts in the last few weeks.... Success secret: Conn McCreary, the jockey sensation, credits his amazing record to the fact that he rides with stirrups of the same length—like Sande, Meade and Fator used to do. Most jocks nowadays ride with a long left and short right stirrup.... Glammer dept.: Gloria Callen, the back stroke swim champ, is being screen tested by 20th Century-Fox.

No Telling Where St. Louis Boys Will End; Dodgers Run Into Unexpected Trouble

Flatbush Nine Beaten Three Straight by Giants; Rip Sewell Hurls Two-Hit Ball to Give Pirates 7-2 Win Over Cubs

(By JUDSON BAILEY)

A few weeks ago, when everybody was guessing and second-guessing baseball's pennant prospects, some of the experts proclaimed that if the St. Louis Cardinals jumped off to a fast start they would run away with the National league race.

Well, the Redbirds are away like a rocket.

They have just won three consecutive games from the World Champion Cincinnati Reds and there is no telling where or when they will stop. It might be today, but it wasn't yesterday.

18 Players Take Part
The two western rivals put on a wild west showdown, with 18 players taking part for each side, and the Cardinals came out by a 7-6 margin.

Brooklyn's unpredictable Dodgers, rated right along with the Reds and Cardinals as flag threats, also absorbed their third straight lacing from the New York Giants 7-5 in a sandlot show of 26 hits and four errors.

The Pittsburgh Pirates plastered a 7-2 count on the Chicago Cubs behind the two-hit hurling of Truett (Rip) Sewell, who could have coasted after Vince DiMaggio hit a home run with the bases loaded in the first inning. One of the blows off Sewell was a homer by Rookie Lou Novikoff.

Bees Hit for Circuit
The Boston Bees bumped off the Phillies 7-5 with a home run attack that would have made the weak-hitters who used to inhabit the Beehive squirm. Max West hit a homer with one on in the third. In the eighth, with the Bees trailing 5-4, Babe Dahlgren, the ex-Yankee, slapped a round-tripper with one on, and, finally, relief pitcher Wes Ferrell drove out a homer in the ninth and took credit for the victory.

Al Smith, southpaw castoff of the National league, shut out the Chicago White Sox 2-0 for the Cleveland Indians.

Joe McCarthy shook up his New York Yankee lineup and got a 9-4 victory over the Philadelphia Athletics. That was cheering mostly because Lefty Gomez went the route for the first time in more than a year.

REGISTER NOW

FOR DEFENSE JOBS

AT YOUR LOCAL STATE EMPLOYMENT OFFICE.

Pictured above is a poster being displayed by the local state employment office in connection with the nation-wide effort to register workers for defense jobs. Men and women now employed who have skills needed in defense industries but are not using such skills in their present jobs, are urged to register at the local Employment Security Center, 616 E. State st., immediately. The appeal is not made to anyone now working in aircraft manufacture, shipbuilding, machinery manufacture, or machine shops.

The importance of farm labor in the defense program was stressed today by Arthur S. Johnston, manager of the Salem Employment Security Center, in a statement assuring farmers that every effort is being made by the Ohio State Employment Service to prevent uncontrolled migration of workers to defense industry area.

"The emphasis thus far in the defense program has been on industrial and commercial workers," Johnston said. "But we must not forget that farmers are also defense workers and that they have a vital part in this country's preparation for defense."

Urges Workers to Register
"As a part of the nation-wide campaign to create a labor reservoir to supply the demands of defense industries for skilled and semi-skilled labor, the Ohio State Employment Service is urging the registration of every Ohio worker with an urgently needed defense skill not being used in their present job."

"This does not mean that workers in northern Mahoning county and southern Mahoning county with vital defense skills will be asked to leave their present jobs at once," Johnston stated. "They are merely to register their qualifications with the Employment Security Center at 616 E. State st., Salem, so that they may be called upon when and if needed in an important defense industry."

"The vital food-producing activities of the country must not be hampered for lack of capable workers," Johnston continued. "Whether the rural worker can serve best on the farm or in an industrial job, he should register with the employment service if available for work."

Notre Dame's "Big Bertha" Will Wage Blitz On Atoms

SOUTH BEND, Ind.—Physicists at the University of Notre Dame soon will complete an electrostatic generator capable of developing 8,000,000 volts in preparation for extending their research in atomic disintegration.

The powerful generator, an "atom smasher," weighs 20 tons, is enclosed in a 15-ton cylinder and is housed in a specially constructed addition to the physics building. It is so powerful that all controls are in an adjacent room, where operators and observers will be protected by a 5-foot earthen wall. The doorway between the two rooms is of solid steel, three and one-half inches thick.

Experiments, which will be conducted with the apparatus, are part of an effort to learn more about the most fundamental of physical identities.

An atom is similar to the solar system. It has a nucleus around which the earth and other planets revolve. Any element is composed of a multitude of "solar systems," or "atoms," all identical.

The sun, or nucleus, is composed of neutrons and protons. It is believed that the atoms of all different elements are identical substances, but varying in the number of proportions of neutrons or protons.

If this is true, the removal of a given number of the neutrons or protons should change a given element into another element. It is to study this theory that the University of Notre Dame has developed a machine which will change the proportions of the parts of the nuclei. Because of the attractions of the parts for each other a tremendous force is necessary to pull some of them away from the others.

The shotgun idea was used in early attempts to knock some of the nuclear particles out of the system. Cyclotrons have been used, shooting a spray of particles at the nucleus. The Notre Dame machine is an "electrostatic generator."

Generator Like Rifle
This generator is directly comparable to a rifle. The "bullet" is the electron, instead of a lead pellet. The electron, supplied by a hot tungsten wire in the "breach" of the "gun," is forced down a porcelain tube, the "barrel," and produces atomic disintegration and X-rays at a target outside the tube.

The propelling force corresponds to the power of the electron of 8,000,000 volts of electricity repelling the electron. The velocity of the electron in the porcelain rifle approaches 185,000 feet per second, which is the speed of light.

Physicists hesitate to predict the exact practical value of their experiments.

Incidental to the nuclear investigation, the production of powerful X-rays may open the way toward production of radio-active substances which can be used commercially.

Small Scale Test Made
Two years ago Notre Dame laboratories demonstrated with a smaller generator that nuclei can be disintegrated by high speed electrons. That generator developed 1,750,000 volts; this one is designed to develop 8,000,000 volts.

The apparatus which is nearing completion will operate under a gas pressure approximately 10 times as great as that of the atmosphere. It

resembles a railroad "tank car." It has a steel container 40 feet long. One section is mounted on wheels, so that the generator proper will be accessible for inspection or repairs. Freon gas, the same used in many electric refrigerators, will be forced into the tank to improve its operation.

The experiments, which were started by Dr. George B. Collins, will be directed at the beginning of the machine's operation by Dr. Bernard Wadman, of the physics staff at Notre Dame. Dr. Collins has been granted a leave of absence to work on a special government research project at the Massachusetts Institute of Technology in connection with the defense program.

BREAD FLAVOR LIKE THE BEST OF OLD

say Salem Golden-Wedding "Brides"

EXTRA RICH FLAVOR OF TOP-PRICE INGREDIENTS

Retained by baking bread the old way —no steam used in oven

NOW you can enjoy again the rich flavor of old-time bread—in a white loaf baked the old-time way without using steam in the oven and made with special ingredients. You get this quality in the improved BOND White Bread.

The special flours we use cost top prices but are rich in protein food value and flavor. Special full-flavored shortening, pure cane sugar, and selected milk are more costly than grades we could use, but you get this extra quality at no extra cost.

We have gone back to the old way of baking to retain the extra goodness of these finer ingredients. We use no steam in the oven, so there is no toughness of crust.

Cooperating with the National Nutrition Program for better health, we enrich BOND Bread not only with Vitamin B₁ but with other essential vitamins and minerals which are natural to whole wheat.

Thousands are turning to BOND Bread to enjoy its extra rich flavor and old-time quality. Start enjoying its extra benefits today. Compare it with others. Ask for BOND at your grocer's.
